Sobriety and am working on my recovery and self every day. The reason for this new parenting plan is to keep my daughter safe with Forest and his family due to the recent litigation between his ex wife Olivia Sanceda ^{who} is now trying to take Sage away from her family against her will. Forest and his family have informed me and brought to my attention how abusive and neglective Olivia has been to Sage for the first year they were married. Olivia is trying to take Sage away from Forest, I and his family by going for De facto Parentage. Olivia has no right to take my daughter away from Forest and the only family daughters ever known. with Forest in the Stable, loving home he has provided my daughter. I have never stopped loving my daughter. I never wanted away from her. Now that I have turned my life around, Forest and I have agreed to let me be apart of Sage's life. I have to protect my daughter from abuse and trauma by Olivia Sanchez so I am doing everything I can to make sure Sage stays with Forest and his family until I can be more apart of Sages life other than the supervised visits we have agreed upon.
